WE MUST have a deposit of 25% on all C. O. D. orders. We are sorry but experience has taught us that it is a losing proposition to fill orders and make shipments unless a deposit has been paid on the order. Our stock is perishable and must have prompt attention when it arrives at the destination. So we are compelled to ask a deposit of 25% of the amount of the order as a guarantee of good faith. We guarantee satisfaction or your money refunded.

Our Guarantee

All goods are guaranteed to reach you in good live growing condition. Mistakes, if made, will be promptly adjusted. Accept the shipment and notify us at once, should there be any errors, and the carrier as well, should there be any damaged stock. This guarantee is not good unless above requirements are complied with. Nursery stock is just the same as human beings—it breathes, drinks and feeds, and is subject to disease. With proper planting and proper care, we know that our stock will grow and do well for you.

Order Early!

Order early while our assortment is complete. We have a very fine lot of stock this year but as the season progresses we always run short of some varieties. Be sure to specify on your order whether or not we can substitute equally desirable varieties provided we are out of some of the items.

PLANTS AND TREES BY PARCEL POST

We strongly urge the advantage of our Parcel Post system for handling small quantities and the smaller size plants and trees.

We can send by Parcel Post, Grape vines, Raspberry and Blackberry plants in lots of 100 or less. Currants and Gooseberries, both one- and two-year-old, in lots of 25 or less. One-year-old fruits and ornamental trees and shrubs, Roses, also bulbs, Peonies, Iris, and perennial plants.

The two larger grades of trees cannot be sent by Parcel Post. However, we call attention to the fact that express rates on nursery stock have been reduced about 25 per cent, which will be quite a saving to you on the larger size trees.

We prepay the postage on all Parcel Post shipments, and your plants are laid right down at your door.

GUARANTEE OF GENUINENESS. If any nursery stock, etc., proves untrue to description under which it is sold, we hold ourselves in readiness, on proper proof, to replace all such nursery stock, etc., that proves otherwise or refund the amount paid, but but shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

STATE CERTIFIED STOCK. Certificate of Nursery Inspection, No. 153, furnished with every shipment.

Personal Checks Accepted. Iowa customers only, please add 2 per cent sales tax.

A Letter from the Boss

Shenandoah, Iowa

Dear Customers and Friends:

I have just returned from the hospital where I had a major operation. Since I was gone from the office for five weeks, it was necessary to go ahead and make up this year's catalog without me, and I really think that it was a good thing for them to get started to doing this work, as we all know that we can not be here forever. But I came back feeling O.K., and with some more rest, I do not think that there is any doubt but what I will be good for ten more years, at least in an advisory capacity.

The only thing that I have to complain about is that they did not leave me space for my letter. But I believe that you are mostly interested in what I have to sell and not in me. However, I do like to pass along some of the worth-while things that I have learned in my sixty-six years of experience.

As paper is very scarce again this year, you will do me a favor and your friends also, if you will share this catalog with them.

Yours for a successful year,

J. C. WELCH
